## DETAILED ACTION

### ***Information Disclosure Statement***

The information disclosure statements (IDS) submitted on 12/21/2004 and 02/16/2005 were filed after the mailing date of the first Office Action on 09/23/2004. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicants' attorney, Stuart B. Shapiro, on 05/05/2005.

The claims has been amended as follow:

On page 8, line 14, at claim 26 of the Amendment filed 02/16/2005

ADD computer after "a" and before "*program storage device readable by a machine*".

On page 10, line 15, at claim 36 of the Amendment filed 02/16/2005

ADD computer after "a" and before "*program storage device readable by a machine*".

On page 13, line 10, at claim 48 of the Amendment filed 02/16/2005

ADD computer after "a" and before "*program storage device readable by a machine*".

On page 14, line 11, at claim 49 of the Amendment filed 02/16/2005

ADD computer after "a" and before "*program storage device readable by a machine*".

### ***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance:

The closest available prior arts, The McGraw-Hill Companies [Build a Book Online, <http://web.archive.org/web/19980513002459/http://mhhe.com/primis/> and <http://www.mhhe.com/primis/catalog/pcatalog/primisweb.ppt>] combined with USP 6,073,148, issued to Rowe et al., also teach a method and program for storing a book. However, the McGraw-Hill and Rowe fail to teach or suggest the step of

*storing as a file object within the data repository a list of content entity identifiers indicating the content entities within the content object, wherein a hierarchical arrangement of the content entity identifiers within the list includes at least one hierarchical tier and at least one subordinate tier and corresponds to a user-defined content object hierarchical structure, and wherein the content entity identifiers are determined by the processing system and placed in the list in response to user selection of the content entities for the content object as in claims 1, 26 and 51;*

*storing as a file object within the data repository a hierarchical outline of containers and content entity identifiers defining the content and corresponding to a user-defined hierarchy of the content object, wherein each container represents an outline hierarchical tier and includes at least one*

*content entity identifier forming a subordinate outline hierarchical tier, and wherein the content entity identifiers are determined by the processing system and placed in the outline in response to user selection of content entities for the content object as in claims 11, 36 and 61;*

*retrieving the file object containing the list of content entity identifiers, wherein a hierarchical arrangement of the content entity identifiers within the list includes at least one hierarchical tier and at least one subordinate tier and corresponds to a user-defined content object hierarchical structure, and wherein each content entity is stored as an individually accessible file object within the data repository as in claims 23, 48 and 73;*

*enabling modification of the presence and position of content entity identifiers within said list by a user to alter the content and structure of the content object, wherein a hierarchical arrangement of the content entity identifiers within the list includes at least one hierarchical tier and at least one subordinate tier and corresponds to a user-defined content object hierarchical structure as in claims 24, 49 and 74.*

Therefore, the invention is allowable over the prior arts of record for being directed to a combination of claimed elements including the providing steps as indicated above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
